TO: City Department of Planning and Permitting
650 South King Street
Honolulu, Hawaii 96813

SUBJECT: **Chapter 6E-42 Historic Preservation Review / Demolition of Carport**
Permit # (None)
Building Owner: David Kim
Location: 99-540-A Kahilina Place, Aiea
Tax Map Key: (1) 9-9-024:033

Mr. David Kim wishes to demolish an existing carport at his home, located at 99-540-A Kahilina Place. The existing wood portions of the building are ready to collapse. The area of potential effect for the demolition would be within the lot and, during construction, the street immediately fronting the property.

Municipal records show that the building was erected in 1952. Examination of our files determines that the carport is not historic. Therefore, **the project will not affect historical properties.**

Any questions should be sent to Ross W. Stephenson, SHPD Historian, at (808) 692-8028 or ross.w.stephenson@hawaii.gov.

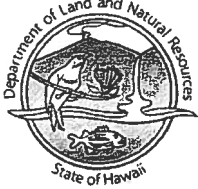

~~Mahalo~~ for the opportunity to comment.

A handwritten signature in black ink, appearing to read "Pua Aliu", is written over a horizontal line.

Pua Aliu, Administrator, Hawaii Historic Preservation Division, DLNR

In the event that historic resources, including human skeletal remains, lava tubes, and lava blisters/bubbles are identified during construction activities, all work should cease in the immediate vicinity of the find, the find should be protected from additional disturbance, and the State Historic Preservation Division should be contacted immediately at (808) 692-8015.

Archaeology

Dear Mr. Richardson:

**SUBJECT: Chapter 6E-42 Historic Preservation Review –
Request for Comment on a Grading Permit Application for 6.03 Acres
Kahului 1st Ahupua'a, North Kona District, Island of Hawai'i
TMK: (3) 7-5-017:031 & 044 (both, por.)**

Thank you for the opportunity to comment on the aforementioned project, which we received on February 1, 2010. We apologize for the delay in our reply. The project entails flood channel improvements for the Kona Coffee and Tea Company. We determine that **no historic properties will be affected** by this project because work will be contained within the existing flood channel (repairs to concrete, etc.) which is an already disturbed area. Should work be planned outside of this channel we request the opportunity to comment as there may be historic properties present outside the channel area.

In the event that historic resources, including human skeletal remains, cultural materials, lava tubes, and lava blisters/bubbles are identified during the construction activities, all work needs to cease in the immediate vicinity of the find, the find needs to be protected from additional disturbance, and the State Historic Preservation Division, Hawaii Island Section, needs to be contacted immediately at (808) 933-7653. If you have questions about this letter please contact Morgan Davis at (808) 896-0514 or via email to: morgan.e.davis@hawaii.gov.

Aloha,

A handwritten signature in black ink, appearing to read "Theresa K. Donham".

Dear Mr. Hecht:

**SUBJECT: National Historic Preservation Act (NHPA) Section 106 Review –
USDA Grant Application for Construction of Kindergarten and Middle School
Adjacent to Existing Elementary School
Kanaeue 1st & 2nd Ahupua'a, North Kona District, Island of Hawai'i
TMK: (3) 7-9-010:001 (por.)**

Thank you for the opportunity to comment on the aforementioned undertaking, which we received on February 24, 2010. Plans for potential grant money includes construction near the existing school building, which is on the makai end of the property. So long as construction remains in this area (and not the mauka end, which contains a preservation area) we concur that **no historic properties will be affected.**

In the event that historic resources, including human skeletal remains, cultural materials, lava tubes, and lava blisters/bubbles are identified during the construction activities, all work needs to cease in the immediate vicinity of the find, the find needs to be protected from additional disturbance, and the State Historic Preservation Division, Hawaii Island Section, needs to be contacted immediately at (808) 933-7653. If you have questions about this letter please contact Morgan Davis at (808) 896-0514 or via email to: morgan.e.davis@hawaii.gov.

Dear Ms. Meyer:

**SUBJECT: National Historic Preservation Act (NHPA) Section 106 Review –
Application for a Grant for the Hawaii Island Fire Department's 3-Bay
Makalei Fire Station
Makalei Ahupua'a, North Kona District, Island of Hawai'i
TMK: (3) 7-2-007:001 (por.)**

Thank you for the opportunity to comment on the aforementioned undertaking, which we received on February 1, 2010; we apologize for the delay in our reply. The APE for this undertaking is 2.74 acres of this 989-acre parcel. We concur that **no historic properties will be affected** by this undertaking because:

- ☐ Intensive cultivation has altered the land
- ☐ Residential development/urbanization has altered the land
- ☐ Previous grubbing/grading has altered the land
- ☒ An accepted archaeological inventory survey (AIS) found no historic properties (*Haun, Henry & Berringer 2006*)
- ☐ SHPD previously reviewed this project and mitigation has been completed
- ☒ Other: *This determination is made with the understanding that all construction activities and material/machinery staging shall occur within the designated APE of parcel 1. Preservation sites are located in the larger parcel and may not be marked as such during project construction.*

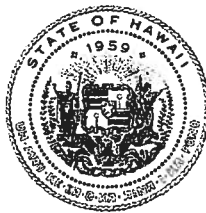

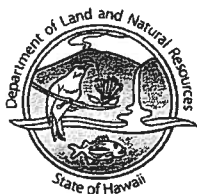

In the event that historic resources, including human skeletal remains, cultural materials, lava tubes, and lava blisters/bubbles are identified during the construction activities, all work needs to cease in the immediate vicinity of the find, the find needs to be protected from additional disturbance, and the State Historic Preservation Division, Hawaii Island Section, needs to be contacted immediately. Please contact Morgan Davis at (808) 896-0514 or via email to morgan.e.davis@hawaii.gov if you have any questions or concerns regarding this letter.

Dear Mr. Nakamura:

**SUBJECT: Chapter 6E-42 Historic Preservation Review –
Ohana Kai Village Retention Basin Grading Permit Application (GT2009/0045)
Ma'alaea, Ukumehame & Waikapu Ahupua'a, Wailuku District, Island of Maui
TMK: (2) 3-6-001:018**

Thank you for the opportunity to comment on the aforementioned project, which we received on March 23, 2010. The retention basins will be situated to the east of the highway; phase I of the project will encompass 15 acres, phase II 14 acres.

This project is subject to a monitoring plan, which was prepared and submitted to SHPD for review (*Shefcheck and Dega 2008*) and has been approved (*Log No. 2008.1558, Doc No. 0805PC40*). Therefore we believe the project will have no effect on historic properties, with the condition that the procedures as detailed in the accepted monitoring plan are followed.

If there is an inadvertent discovery of historic properties or human remains, procedures as outlined in HAR §13-280 and §13-300 are to be followed. If you have questions about this letter please contact Morgan Davis at (808) 896-0514 or via email to: morgan.e.davis@hawaii.gov.

Permit # (None)
Building Owner: HHA Wilikina Apartment Project, Inc.
Location: 730 Wilikina Drive
Tax Map Key: (1) 7-3-009:003

This letter is in response to your telephone call and email of March 23, 2010, re possible use of federal funds to rehabilitate the Hawaiian Housing Authority's Wilikina Apartments at 730 Wilikina Drive near Wahiawa, Oahu. Section 106 requires that potential federally subsidized projects must first determine whether work might impact historic properties before proceeding.

While the scope of work on the rehabilitation project has not yet been determined, the area of potential affect should be contained within the Apartments property and, during construction, the street immediately adjacent.

Municipal records state that the Wilikina Apartment Project was developed in 1978. On this basis, the Project does not qualify as a historic property. Planning for your rehabilitation project may proceed.

If you have any questions, please contact Ross W. Stephenson at (808) 692-8028 or ross.w.stephenson@hawaii.gov.

Dear Ms. Fukunaga:

**SUBJECT: Section 106 National Historic Preservation Act (NHPA) Compliance
Group Home at 91-1001 Niolo Street
Request for concurrence
TMK: 1-9-1-107:038**

Thank you for the opportunity to comment on the Department of Housing and Urban Development, Honolulu Field Office consideration of application for a group home undertaking which we received on Feb. 19, 2010. The proposed undertaking involves the existing 2001 residential structure to be renovated to house six chronically mentally ill residents and one resident manager. The renovations will be made to the interior of the structures with the exception of an accessible ramp to the front entrance. The house is not yet over fifty years old and lacks exceptional significance, therefore does not qualify for Historic Register status.

We have reviewed the potential effects. Based on our examination, we concur that **no historic properties are located within the Area of Potential Effect (APE).**

While there is low probability of encountering archaeological sites in this area, in the event that historic resources, including human skeletal remains, are identified during the construction activities, all work needs to cease in the immediate vicinity of the find, the find needs to be protected from additional disturbance, and the State Historic Preservation Division, Oahu Section, needs to be contacted immediately at (808) 692-8015.

DOC: 1003RS19

TO: John Sakaguchi
Wilson, Okamoto, Corporation
1907 South Beretania Street, Unit 400
Honolulu, HI 96826

SUBJECT: Section 106 (NHPA) Consultation / Abandoned Waipahoe Stream Bridge
Permit # (None)
Building Owner: Department of Transportation, State of Hawaii
Location: Keeaau-Pahoa Highway
Tax Map Key: ROW adjacent to (3) 1-6-004:049

This letter is in response to email communications between archaeologist Alan Haun, planner John Sakaguchi, historian Ross Stephenson, and archaeologist Theresa Donham re an abandoned highway bridge along the Keeaau-Pahoa Highway on the Big Island.

The State of Hawaii Department of Transportation has proposed widening the highway. This would require demolition of the abandoned bridge. The area of potential effect would be within the highway corridor. No excavations are planned outside of previously disturbed areas.

Nancy McMahon, in a letter dated June 15, 2009, stated that lava tubes had been found to cross the highway in the area, and requested that Wilson, Okamoto hire a qualified archaeologist to examine the area and include their report in the draft environmental assessment. The resulting *Archaeological Inventory Survey Portions of TMK: (3) 1-6-004:011, :047-:053, :055-:056; and (3) 1-6-064:266-:269, :283-:286, Land of Keeaau, Puna District, Island of Hawaii* discovered the abandoned bridge over Waipahoe Stream. The latter site was assessed under Criteria D. The abandoned bridge's date of construction was approximated as the 1930s. After mapping, written description and photographic documentation the recommendation of Dr. Haun was that "no further work or preservation is recommended".

This office concurs with Dr. Haun that such mitigation is satisfactory and that the abandoned bridge may be removed.

If you have any questions, please contact Ross W. Stephenson at (808) 692-8028 or ross.w.stephenson@hawaii.edu.

Mahalo for the opportunity to comment.

Dear Ms. Drury:

Subject: **Chapter 6E-42 Historic Preservation Review –
Conservation Plan for a 16.7-Acre Pasture/Hay Operation
Halekamahina 2nd Ahupua'a, Puna District, Island of Hawai'i
TMK: (3) 1-4-22: 001 and 1-4-23:004**

Thank you for requesting our review of the subject conservation plan, which will incorporate a number of approved conservation practices, in compliance with the County of Hawaii Grading & Grubbing Ordinance. We apologize for the delay in responding to your submittal, which was received February 4, 2010. The subject property is located within the area formerly cultivated for sugar cane, and more recently intensive papaya production. Current use is for livestock (horses and pigs), and related structures in place. New fencing, waterlines and troughs are proposed, along with weed control and hay seeding.

We concur with your determination that **no historic properties will be affected** by this project because:

- ☒ Intensive agricultural use has altered the land
- ☐ Development/urbanization has altered the land
- ☐ Previous grubbing/grading has altered the land
- ☐ An accepted archaeological inventory survey found no historic properties in this project area
- ☐ SHPD previously reviewed this project area and mitigation has been completed
- ☐ Other:

In the event that historic resources, including human skeletal remains, lava tubes, stone structures such as walls or mounds, and lava blisters/bubbles are identified during activities, all work should cease in the immediate vicinity of the find, the find should be protected from additional disturbance, and the State Historic Preservation Division, Hawaii Island Section, should be contacted immediately at (808) 933-7653. Please contact Theresa K. Donham at (808) 933-7653 if you have any questions or concerns regarding this letter.

Aloha,
